talk to us about air charter

Need an aircraft? Through our alliance partners we have access to over 7 000 aircraft worldwide & direct fleet bases in the UK, Southern Africa and Russia.

Private Jets

Light, medium and Long Range private jets to accommodate all your private aviation needs.

Regional Jets

Regional Jets for short to medium haul services for passengers numbers up to 50.

Commercial Jets

Narrow body and Wide body commercial aircraft for large-group movements.

Travel Safe, Fly Private

In a new world, flying private offers a range of benefits when it comes to focusing on passenger's health and safety. More often than not, our flights operate from private terminals with fewer passengers limiting interaction with others on the ground and on-board. We have a detailed Covid-19 SafeSkies programme to ensure passenger and crew safety when on board our aircraft.

Our commitment to your customers

Our task is to locate the **BEST** aircraft at the **BEST** price. Bear in mind that it will not necessarily be the **CHEAPEST** aircraft at the **CHEAPEST** price.

Aircraft are like cars. You have new ones and old ones and one's which are better maintained than others. We carefully monitor our operators, their safety records, maintenance and service standards.

talk to us about jet sharing

In 2021, we will be launching our exciting new jet-sharing programme - **FLIT** - operating on select premium routes allowing you to purchase a single seat on certain services.

Purchase just one seat!

No longer do you have to charter an entire aircraft - you can now purchase one or more seats on set flights at a fixed price.

Enjoy world-class service!

We offer a traditional private jet experience for a small number of like-minded travellers.

Popular Routes

FLIT will be available on select popular, premium routes as well as certain seasonal favourites.
